Our housing crisis is untenable. We must take action now to prevent our working families, teachers and first-responders from being driven out of San Francisco due to sky-rocketting rents. We have an opportunity to make an immediate impact on the affordability of San Francisco. We need to pass this bond NOW. Prop A Does Not Raise Taxes This historic \$600 million bond will NOT raise homeowners' or renters' taxes. It is City policy to limit the amount of money it borrows by issuing new bonds only as prior bonds are paid off. Prop A la Accountable The Citizens' General Obligation Bond Oversight Committee will provide transparency and accountability, ensuring bond funds are spent efficiently and responsibly. Not a deliar will be wasted, because San Franciscans need every unit of affordable housing that will be built with this money. Prop A Makes San Francisco Stronger
San Francisco's most essential workers — teachers, firefighters, and nurses — are at
risk of leaving because they can no longer afford to live here. Our most vulnerable
residents — seniors and low-income families — are at risk without the homes this bond will provide. A Yes vote on Prop A is a critical step we can take right now to provide affordable homes for vulnerable residents, and help our essential workers secure their futures in our City, making our community stronger. 	Seniors Need Prop A	
	As providers of services, meals, and support for San Francisco's seniors, we emphatically endorse Prop A. An unprecedented number of seniors simply cannot afford the city's increasing housing costs. Senior homelessness is rising along with growing anxiety and hardship. We urgently need more affordable and accessible housing for seniors, most who are fixed incomes and many who have disabilities. Proposition A will dramatically expand support to build the housing our seniors need.

Section 9.106 of the City Charter limits issuance of general obligation bonds of the City to 3% of the assessed value of all toxable real and personal property, located within the City and County.

#### Lease Payments and Other Long-Term Obligations

The Charter requires that any lease-financing agreements with a nonprofit corporation or another public agency must be approved by a majority vote of the City's electorate, except (i) leases approved prior to April 1, 1977, (ii) refunding lease financings expected to result in net savings, and (iii) certain lease financing for capital equipment. The Charter does not require voter approval of lease financing agreements with for-profit corporations or entities.
